6) I have informally ascertained that Captain Plumer and his sons are late Mr. Plumer expressed a desire to put up a brass tablet to his memory in the Chief Court Hall, and asked for his permission from the Chief Judge.

7) There is no precedent for placing such a tablet in the Chief Court Hall, and in principle I do it seems objectionable to have in it such a tablet provided by individuals.

8) There is a portrait of Mr Burt in the Chief Court Library, and a similar one may be placed there if permitted by the Judges. There are no references in the office for permitting Mr Burt's portrait being placed in the Library Room.

Final Note by the First Member of Council.

Subject:— Grant of permission to a tablet being fixed in the Chief Court Hall in memory of Mr.C.G.Plumer, late Chief Judge.

24) At the instance of the Registrar of the Chief Court of Mysore, the Secretary, Public Works Department requested in February last that permission of Government may be accorded to the fixing of a tablet in the Chief Court Hall in memory of the late Chief Judge Mr.C.G.Plumer. As it is unusual to have such tablets placed in the Court Hall, Government suggested the desirability of placing a portrait of the late Mr.C.G.Plumer in the Library Room of the Chief Court.

25) Sir Leslie Miller requests that as a special case, the --- erection of the tablet may be permitted "under a condition if necessary as to its removal if that should in future be found necessary." He explains that under a misapprehension of facts he told Captain Plumer son of the late Mr.C.G.Plumer that there would be no objection, that the tablet was put in hand in England before the decision of Government was communicated and that the tablet is probably on its way to India.

GOVERNMENT HOUSE

Adelaide

9th June 1915

My dear Sir

Some time ago about February last Captain Plummer of the 6th Pioneers asked me if there would be any objection to his erecting a small memorial tablet in the Chief Court to the memory of his father Rev. C. J. Plummer. The Registrar asked the Chief Engineer about it, & he said that so far as he knew there would be

no Objection, but to take address the Government. I misunderstood the Rajah to say that there would be no Objection, being unaware that it was not with the Chief Engineer from Darjeeling the request, and to Lt Col Captain Plumer that I understood it would be all right. Recently the Govt. suggested that as Tabbits were unusual a particular market be substituted; but unfortunately when that decision was communicated to me the Rabbit was just in hand in England. & Captain Plumer tells me is probably on its way to India now. In these special circumstances, I should esteem it a great favour if the Govt could see its way to permitting the erection of the Rabbit under conditions if necessary as to its removal if that should in the future be found necessary - I under-

stand it is quite a small affair, and if the Govt could make it a special case, there would be no question of making an precedent. I shall be very grateful indeed if you will lay the matter again before the Govt.

Yours sincerely
